Did you go to the beast nest to catch the young?
How dare you give me a smile! Xixi, no food for you tonight!
Ow!
Grandpa, don't be angry. It's not her fault
Xiao Gu, your mother was just looking for you in the village.
Ai!
Once she sees all your wounds I don't know how she'll sort you out!

Grandpa!
Grandpa, I knew you'd always treat me the best!
Oww!
What're you being shy for? Eh it's good!

Grandpa, I saved a person on the mountain today
There was a really fierce monster chasing him. He could fly and create fire.
Although his personality was lacking I saved him, but he never said thank you
He threw us two medicine bottles and then left
What!
Here they are He said they could heal injuries
I was afraid to use them, so I brought them back
